PROBLEM

Urban Biodiversity Decline - cities have plummeting numbers due to expanding habitat fragmentation. One-third of the world's amphibians face extinction, with habitat disruption driven by human activities.

SOLUTION

Urban Desert Oasis - reversing habitat fragmentation. This innovation harmonizes urban ecosystems, revitalizing frog habitats and safeguarding numerous species. It integrates nature into cityscapes, promising a greener, more sustainable urban future.

REVENUE STREAM

Products: \$99 - \$20K
Accessories: \$10 - \$2K
Subscription: \$10/mo

DOMESTIC MARKET

TAM - 110MM Households
